IDAHO MAN SET UPON BY A JAP AND ROBBED

Charley Katsuga, a Japanese, was found guilty of assault and battery this morning by Acting Municipal Judge Samuel C. Powell and fined \$5. His arrest was brought about as the result of a "rough-house" staged in a Japanese noodle parlor, on Twenty-fourth street. This disturbance, which occurred about 7:30 o'clock, was heard by Patrolman William Richardson, who rushed into the place and arrested F. F. Nelson, an Idaho farmer, who appeared to have caused the trouble.

At the police station, Nelson told the officers that he had been robbed by a Japanese. He met the Jap, he said, on an interurban train while coming to Ogden. When they reached Ogden, his foreign friend led him to the noodle parlor and there set upon him. In the melee, he claimed, he lost \$12.50, of an original roll amounting to \$105.00. The remainder of his money was found in his pockets at the station.

He gave a good description of his erstwhile friend and Katsuga, who answered it, was arrested later by Detective Dick Wootton. The Japanese did not have any money in his possession when searched, and it was not thought advisable to charge him with robbery.

Andrew Carlson, Eddy Newcomb and J. C. Kennedy, plain drunks, were given suspended sentences. J. Coleman found guilty of disturbing the peace and was sentenced to serve five days in jail. Joe Queenan, Dan Sullivan and John Shea, drunks, were also given five-day sentences. Shea had a quantity of phoney jewelry in his possession when arrested.

THOMAS WHITE IS FOUND GUILTY BY COURT

Thomas White was found guilty this morning, in the police court, of disturbing the peace and battery. On the first charge he was sentenced to pay a fine of \$10 or to serve ten days in jail, and on the second, a fine of \$5 or five days in jail was ordered. According to the testimony, he was arrested early Saturday evening for disturbing the peace in a lower Twenty-fifth street saloon, the disturbance including an attempted assault on R. K. Keith. After being booked at the police station and released on bail, he located Keith in another saloon, and proceeded to get the grudge he had been nursing off his mind by administering a beating to Keith. This offense caused his second arrest and he was held for trial.

Hudson and W. Flint, youths from Clinton, were fined \$3 apiece for operating motorcycles at an unreasonable rate of speed on east Twenty-fifth street. According to the arresting officer, George Covey, the boys were racing their machines for several blocks, requiring the officer to set a pace of 75 miles per hour on his own machine to overtake them.

William Linden, arrested Saturday for driving a horse while under the influence of liquor, forfeited \$5 bail.

George Gelford, charged with drunkenness, forfeited a like sum.

Big Barbecue.
This morning workmen started to erect the ovens for roasting the steers for the barbecue.

In addition, an oven is to be built wherein 8,000 potatoes will be roasted, and a tank six feet high and six feet in diameter is being constructed in which 400 dozen ears of corn are to be cooked.

"We expect to have enough to serve everybody once and four officers on hand to discourage repeaters," was the statement made by Chairman Thomas G. Burt, of the Harvest Festival barbecue committee, this afternoon. He then launched into an explanation of the plans that have been laid for this big Saturday afternoon feature.

Two steers will be barbecued, he said, and with their meat as a foundation, the menu of the mammoth free public dinner will include 400 dozen ears of sweet corn, 3,000 pounds of potatoes, two barrels of pickles, 500 loaves of bread, three crates of lettuce, 125 pounds of butter, 100 pounds of fine table salt and other seasonings to suit the individual taste. The butter will be cut into individual pieces and wrapped. For this purpose, 5,000 sheets of oil paper has been ordered. An additional 5,000 sheets has also been ordered for the serving of the salt. Four thousand paper plates will also be used.

Four washbuts will be used for the serving of the corn and the same number will be used for the handling of the gravy from the barbecued meat. Three ovens are to be built, one for the roasting of the two steers, one for the corn and one for the potatoes. The force of helpers, which will work under the direction of Messrs. Burt, W. A. Bertke, S. S. Jensen, Arthur Kuhn and P. T. Wright of the barbecue committee, will include a professional chef, four butchers, two bread slicers, two pickle slicers, one corn cook, one potato cook, 15 serving men and 15 supply men. There will be four aisles leading to the tables and a special police officer will be stationed at the entrance to each one.

"Tons of anarchistic literature sent across the Rio Grande during the last five years, for which the radicals of the United States are said to have contributed as much as \$1,000 a month, have debauched many Mexicans," the report continued. URGES MEMBERS OF CHURCH TO MARRY IN TEMPLE

Patriarch Levi J. Taylor of the North Weber stake addressed the congregation at the sacrament meeting in the Third ward chapel last night, on subjects pertaining to his office in the church. His principal theme was that of temple marriages for members of the church, which, he said, were less last year than the civil marriages.

It was a matter of grave concern, he continued, that Mormons contemplating marriage should consider the blessings that would come from being wedded according to the sacred laws of the church, in one of the temples built for the purpose.
